

Rental Agreement / Terms and Conditions

1. This agreement is between Scott Industrial Systems and _____, who intends to rent the equipment specified below from Scott Industrial. The rental period begins when equipment leaves Scott Industrial and ends on the business day the equipment is received back at Scott Industrial (unless otherwise agreed upon). Customer is responsible for freight charges to and from jobsite.

Equipment model and/or serial numbers applicable to this agreement include:

2. TERM: The rental term will start on _____, (begin date) and will end on _____ (end date). This rental agreement auto-renews at the end of the term for additional terms unless cancelled in writing.
3. Rental periods are billed at a **minimum weekly rate**, unless otherwise negotiated. Rentals beyond one week will be billed at the weekly rate of \$_____ until the total is equal to the monthly rate. Rentals beyond one month are billed at the monthly rate of \$_____.
4. Each vessel has a maximum pressure and temperature rating, which must not be exceeded. There is also a maximum differential pressure rating across the filter elements, which must not be exceeded. Damage to the unit can occur if these ratings are exceeded and in the event such damages occur, customer assumes all liabilities and is responsible for any damages and future loss of rental revenue until the equipment is deemed operational. Maximum operating conditions for the equipment listed above are:

Max Pressure: _____ Max Temperature: _____ Max Filter Differential Pressure: _____

5. By accepting this rental agreement, customer acknowledges they are familiar with the operation of the equipment under this agreement and agrees to accept all responsibility for injuries and/or other damages which might result from misuse in the operation of this equipment. **Any required on-site training or technical support will be billed at our Standard Service Rates.**
6. Customer is responsible for equipment theft and all damages, which result from inappropriate operation and also responsible for all internals and accessories supplied with the equipment. (i.e. baskets, hold downs, boots, gauges, etc.)
7. Equipment must be cleaned and returned in the condition in which they were received. At a minimum, all equipment must have chemical deposits and liquids cleaned from the equipment interior and exterior. All filter elements must be removed and disposed of prior to returning equipment to Scott Industrial. Customer will be subject to additional cleaning charge of \$_____ for insufficiently cleaned equipment. An MSDS sheet of product used for service is required at time of return of unit. If MSDS sheets are not provided when the unit is returned, then the standard cleaning charge will be applied to the final rental invoice.
8. As a condition of this rental, both customer and End User agree to **exclusively use Scott Industrial Systems filter cartridges in all Scott Industrial Systems equipment** which are rented. Scott Industrial reserves the right to immediately terminate rental, if this condition is not met. Customer is subject to a restocking fee based on the quantity of items to be returned. Special orders are not returnable. The minimum quantity of filters purchased by the customer shall be (1) complete set of filter elements listed below:

Filter element part#: _____ Minimum quantity _____ Price per element \$_____

Customer accepts the conditions stated in this Vessel Rental Agreement, and the individual who signs below acknowledges authority to enter into this agreement on behalf of Customer.
